

TO PREPARE GREEKS FOR ENTRANCE INTO EUROPEAN CONFLICT

ROYALIST ORGAN WILL START A
CAMPAIGN BY DEMANDING
SOLDIERS' RELEASE

REPORTS PICTURESQUE BATTLE

British Advance of September 15 Is
Described as Most Dramatic
of the Entire War.

(Associated Press)
London, Sept. 19.—Heavy continuous rains have fallen during the last 24 hours on the Belgian front, where the general situation is unchanged. Since last night's report five British aeroplanes are missing.

Was Picturesque Battle
The most dramatic and picturesque battle of the British army in its two years in France was fought Sept. 15, says an Associated Press correspondent. All kinds of men from the ends of the earth took part in the mighty conflict, the Canadians, and many from the United States among them. They stormed the village of Courcellette. It was the Canadians' first offensive on any big scale. The exploit of the Canadians is only one of many chapters which may be told of what the soldiers called the "tank offensive," having reference to the new armored motor cars. All past records for ferocity of fighting have been surpassed.

Move General Staff.
Berne, Sept. 19.—According to the Seddeutsche Zeitung, the great German staff, which directs operations on all fronts, has been moved from the western to the eastern front.

Evacuate Monastir.
London, Sept. 19.—According to an Athens dispatch the Bulgars have commenced the evacuation of Monastir.

Germans Unsuccessful.
Paris, Sept. 19.—The Germans last night made five unsuccessful attacks on the Russians in the Champagne district.

Preparing Greeks.
Athens, Sept. 19.—The Royalist organ Forward tomorrow will start a campaign to prepare the opinion of the Greeks for the entry of their country into the war. It will demand the immediate release of Greek soldiers who were made prisoners by the Bulgarians at Kavala and were then sent to Germany.

Athens, Sept. 19.—Franco-Serbian troops have surrounded the Bulgarian forces in northwestern Macedonia, which are falling back precipitately on Monastir (slightly over seven miles within the Serbian border), according to reports reaching here.

French Capture Florina.
Paris, Sept. 19.—Florina, an important town in northwestern Macedonia (nearly eleven miles within the Greek frontier), was carried by assault by French troops, according to an official statement. The Bulgarians are retreating in disorder in the direction of Monastir, the statement adds. Serbian troops also have gained successes in the region of Lake Ostrovo (to the east of Florina).

Bulgar Lines Taken.
London, Sept. 19.—A further advance for the Serbians on the western end of the Macedonian front is reported in a dispatch sent out under a Saloniki date by the Exchange Telegraph company. It says the first and second line trenches of the Bulgarians at Kaimakalan have been taken by the Serbians, who have crossed the Broda river. Heavy fighting continues on the farther bank of the river.

The Serbians are reported to have taken four field guns and eight machine guns, bringing up to thirty-six the number of guns captured. A large number of prisoners, the exact number of which is unknown, also are said to have fallen into the hands of the Serbians.

British Land Dreadnaughts Were Made In Peoria—Are Merely Giant Tractors

Washington, Sept. 18.—The British "tanks," the armored motor cars in use in recent assaults on the German trenches in northern France, which are so successful as to attract world wide attention, were built for the most part in Peoria, Ill., in the form of caterpillar tractors, designed many years before the war began to meet some of the difficult problems of modern farming.

Except for their armor, their machine guns and crews, thousands like them are in use today in the United States, plowing, digging ditches and many other labors less heroic than war.

U. S. Army To Be Equipped.
The United States army will soon be equipped with giant armored cars, equal in power and effectiveness to those in use by the British on French

ILLINOIS WILL HAVE U. S. FARM LOAN BANK

State Official Has Begun Work
of Gathering Data.

Chicago, Sept. 19.—An announcement from Springfield that steps would be taken this week toward establishment of the first federal farm loan bank in Illinois has reached County Recorder Joseph F. Connery. Finley Bell, secretary of the legislative references bureau in Springfield, is seeking data from recorders throughout Illinois upon which estimates may be made of the number of mortgaged farms in each county, the amount of land operated by owners, that operated by tenants, and farm conditions as reflected by rates of interest on first mortgage farm security.

Recorder Connery, who is the registrar of titles under the Torrens system, is especially interested in the plan to establish a farm loan bank. This is because the commission drafting the rural credits act recommended to Congress that wherever the act became operative some form of Torrens titles be used.

They have taken up a line across Dobrudja, a few miles south of the railroad running from Constanta to the Danube, extending from Rachova, on the river, nine miles below the railroad crossing, through Tsopadin, seventeen miles southeast of Rachova, to the vicinity of Tuzia.

The ordnance bureau of the War Department is having built such cars. The size and design is being kept secret by the army men.

WILSON AT SISTER'S GRAVE

Funeral Services Held at Church and
Cemetery in Columbia, S. C.

Columbia, S. C., Sept. 19.—President Wilson came here for the burial of his only sister, Mrs. Annie E. Howe of Philadelphia, who died Saturday at New London, Conn. He attended funeral services at the church, then walked with relatives to the adjoining cemetery and stood with bowed head and tearstained face during the simple rites.

The people of Columbia gathered along the streets and outside the church to see the President. In the railroad ride south the platform of every station was crowded, but there was no cheering. At several stops flowers were put aboard the train by school children.

The special train bearing the body and members of the funeral party arrived here shortly before noon. Automobiles took the President and members of his family to the First Presbyterian church. At the President's request the city and state officials gave no official recognition to his visit.

MEXICAN CONFEREES CLASH

U. S. Representatives Insist on Guar-
antees Within Mexico.

New London, Sept. 19.—Dissension threatened to upset the Mexican peace conference. General Carranza's envoys insisted that the border question be settled first and Mexican troops substituted for General Pershing's army south of the Rio Grande. They declared emphatically that the only reason for the establishment of this joint commission was to agree upon a plan to protect the frontier.

The Americans took a different view. They explained that there would be more border massacres and raids unless Mexico is purged of certain political, social and economic iniquities.

GRAND JURY TAKES UP LIQUOR MATTERS

WITNESSES EXAMINED TODAY
INDICATE BOOZE ALLE-
GATIONS ARE UP.

MAY REPORT FRIDAY MORNING

It was apparent from the witnesses summoned before the grand jury this afternoon that the inquirers had completed their investigation of the merits of cases which had been bound over to them and had taken up the investigation of alleged violations of the anti-saloon law in Dixon township. Over a score of persons had been subpoenaed for appearance this afternoon.

It is not probable the grand jury will complete its work and report to the court before Friday, as the preliminary hearing of Frank Yancey and Clarence Pryor, the two negroes alleged to have assaulted George Collins Saturday night, slashing him badly with a razor, has been continued until Thursday morning. The grand jury will probably therefore be kept in session ready for action in case either of the two accused is bound over to it.

AMERICANS VICTIMS IN CHIHUAHUA FIGHT

Villistas Lose Heavily; Captives
Are Executed.

Villista losses in the fight at Chihuahua were 153 dead and eighty-nine wounded, according to a message received by General Gonzales at Juarez. Carranza losses were not announced, but were said to be much heavier.

Eighty-seven Villistas, captured by Carranza troops after the bandit attack on Chihuahua City Saturday were lined up before firing squads and executed, according to information here. Among the prisoners was Colonel Mariano Tames, who mutilated from Juarez with 100 men and joined the Villistas.

"BANKING" PLACE IS RAIDED BY OFFICIALS

Indictments Returned against
Two Private Institutions.

Chicago, Sept. 19.—A squad of detectives headed by Assistant State's Attorney A. E. Arkin descended upon the private banking establishment of M. Ginsburg & Sons, 625 West 12th street, which closed Saturday night, and seized records and books which are alleged to have been "doctored" to show solvency. The vaults were opened and an examination of their contents begun under direction of prosecutor Arkin and S. H. Vowell, representing the Central Trust company, receivers.

Judge Landis appointed the Central Trust company receivers for the Ginsburg institution, and requested Frederick F. Hummel, counsel for the trust company, to bring him a list of all downtown banks which have been receiving deposits "from these criminal private bankers" during the last five years.

True Hills, naming Michael Michluk and his son, Stephen, twenty-one years old, on charges of receiving deposits while their private bank of Michluk & Sons were insolvent, were voted by the September grand jury. Bills were also returned against Ginsburg and his son.

APPROPRIATIONS OF DEMOCRATS TARGET OF G.O.P. PLATFORM

ILLINOIS REPUBLICANS IN CON-
VENTION AT PEORIA ADOPT
PRINCIPLES.

HUGHES MADE SPEECH TODAY

Presidential Nominee Was Accom-
panied By Lowden, Ickes
and Others.

(Associated Press)
Peoria, Sept. 19.—The Republican leaders of Illinois assembled here today to attend the state convention and to listen to Hughes open his second speech making campaign of the central western states.

The presidential nominee was joined at Chicago early today by a number of prominent republicans, including Col. F. O. Lowden, nominee for Governor, State Chairman Fred Sterling, Harold Ickes and others.

The special train arrived here at 10 o'clock and following the adjournment of the convention was accompanied by several hundred state leaders to Springfield where Hughes is to make the principal address of the Republican day ceremonies.

Adopted Platform.
The convention adopted the state platform which, after approving national and state nominations of the party and the national platform, has the following to say concerning the state democratic administration:

Four years ago Gov. Dunne made two issues prominent in his campaign. He charged that appropriations of \$29,000,000 for the biennium were extravagant and that taxes under the republican administration were extortionate, and promised to reduce both taxation and appropriations if he were elected.

Under his administration taxes have been 50 per cent higher than under the preceding republican administration and the aggregate appropriations for his term of office have been \$37,000,000 more than for the last four years of the last republican state administration.

Gov. Dunne sought from the second assembly under his administration \$45,000,000, or 50 per cent more than was appropriated under the preceding administration.

The present democratic state administration has caused losses of hundreds of thousands of dollars to the live stock and agricultural interests by incompetent handling of the foot and mouth epidemic.

It has demoralized the charitable, penal and reformatory institutions by filling them with incompetent employees, wasting the state's funds, and neglecting the care of the state's wards.

Lowden Is Cheered.

Lowden was cheered when he saw republicans of Illinois were reunited and predicted victory. Col. Frank L. Smith, a defeated candidate for governor, declared he would support the ticket and Hull, in a letter, pledged his support.

Hughes' Speech.
In his speech before the convention Hughes characterized the democratic party as a "party of broken promises which now presents extravagant claims." He took up point after point which Wilson, in his speech of acceptance touched on, and declared that the claims made were extravagant, and that nothing of the sort had been accomplished. "I believe," he said, "that credit should be given where it is due, but I think that it is important that no man should claim to have done what he has not done."

BERLIN ADMITS GAIN BY FOE

Trench on Dead Man's Hill Is Also Captured from the Germans—Official Statement Tells of Allied Victory at Berny and Denicourt—200 Yards from Objective.

Paris, Sept. 19.—South of Comblès, on the Somme front, the French have carried another group of German trenches, according to the official statement from the war office. Desperate fighting continues around Denicourt, while actions both in the Champagne district and on the Verdun front, where the French captured a trench on Dead Man's Hill, are recorded.

The captured Denicourt trenches are 200 meters from Comblès. Germans Admit Losses.

London, Sept. 19.—Loss of the villages of Berny and Denicourt, together with the positions between Barleux and Vermandovillers, south of the Somme river, is admitted by the German war office.

North of the Somme, the statement says, the fighting developed favorably to the Germans.

"The mighty Somme battles," the statement adds, "carried out on a front of forty-five kilometers (twenty-eight miles) from Thiepval to the south of Vermandovillers, led to extraordinary bitter fighting. Those south of the Somme resulted in the abandonment of completely razed portions of positions between Barleux and Vermandovillers, together with the villages of Berny and Denicourt."

French Wedge Moves. The new thrust by the French south of the river Somme in northern France, where the important railway town of Chaulnes is their objective, has resulted in the complete encircling of the village of Denicourt, the Paris war office announced.

Further progress was made by the French in this region and heavy counter attacks by the Germans on the new French positions both north and south of the Somme have been repulsed, according to the report, which announces that the Germans sustained enormous losses, two battalions being nearly wiped out. The French have taken 1,200 prisoners and ten machine guns.

British Lines Advance. London reports an appreciable advance on the left bank of the Somme, where the British line has been driven further toward Le Sars, along the Pozieres-Bapaume road, north of Martinpuich and east of Courcellette.

TRIBUTE TO A WOMAN

When the Lusitania went down to its watery grave, taking one of our prominent writers and his wife, leading papers published a remarkable literary tribute previously paid by the husband to the wife. This was because she had been such a helpmate to him in carrying out his ideals. Thousands of women have the ambition to be such helpmates to their husbands, but lack the necessary health. Every such woman should remember that Lydia E. Pinkham's Vegetable Compound is the one remedy which will restore health and strength, the unrivalled medicine for woman's ailments.

KEYES AHRENS OGDEN CO
OF COURSE

OUT OF \$56,000,000 JUST \$250,000 IS SPENT IN FINAL TESTS TO MAKE DOUBLY SURE YOUR CHALMERS IS RIGHT—DEAD RIGHT

This \$56,000,000 "run" on the 3400 r. p. m. Chalmers has not stamped the Chalmers factory.

Quite the contrary. The cars are coming out of there so fine, so exact, so thoroughly tested, that all we have to do now when we take them off the freight cars is to pour in oil, gas and water, run them a few miles, and deliver.

There's an excellent reason for this condition. The Chalmers Company has a young army of eagle-eyed inspectors who take great pride in finding a fault in a car when it comes out of the plant.

This costs just \$250,000 a year in cold cash—just one quarter of a million dollars a year to "catch the little things."

I firmly believe that most factories would let "go by" nine cars out of ten that the Chalmers inspectors waylay.

It sounds like a lot of money, but when a company maintains the slogan of "Quality First" and bases a \$56,000,000 business on the quality idea, then it becomes quite clear.

I firmly believe that three times \$250,000 is returned to the cash drawer of the Chalmers Company every year through such a policy.

It certainly makes selling a Chalmers car anything but a difficult matter. And that accounts for the "run" on the car. For "run" it surely is.

I am handling from three to five times as many Chalmers cars as this territory ever absorbed before.

Last November the Chalmers Dealers bought \$22,000,000 worth of 3400 r. p. m. Chalmers in forty minutes.

These Cars were all made and delivered before summer rolled around. Then 10,000 more were added. These were taken up during the summer months.

Now 20,000 more are coming through.

That means that this model will be continued without change in design into next season.

It also means a \$56,000,000 business. Which is twice more than the most optimistic Chalmers executive ever dared dream.

The quality in the car is the answer.

Drive one a mile, and you won't be able to get your monogram painted on the doors quick enough.

Horticulturists' Meeting

The fall meeting of the Rock River Valley Horticulturists, known as the "Grape Festival", will be held Thursday at Lowell Park. The usual tempting spread, with grapes and other fruit in evidence, symbolizing the fall harvest of the horticulturists, will be served at noon in the pavilion. Various papers of interest will appear on the afternoon program. A. W. Brayton of Mt. Morris, president of the Northern Illinois Horticulturists' association, hopes to be present, and if Mr. and Mrs. J. E. Traber are returned at that time from their Wisconsin trip, Mrs. Traber will read a paper. It was expected that Mr. and Mrs. Gustav Selig, former residents of Painesville, and now of Whatchee, Iowa, would be present and that Mr. Selig would address his old friends, but recently his paper, written for the occasion, came through the mail with his regrets at being unable to be present, greatly to the disappointment of the members. Following the program, which will deal with things horticultural, officers of the association for the coming year will be elected.

A New and Stylish Stetson that Men Like Immensely

HERE is one of the most beautiful hats we have ever shown—it's the feature hat from the superb line of Fall Stetsons.

A remarkably graceful and dressy hat, with just the touch of smartness that all like to see in these young feeling days.

One thing that surprises us—its becomingness to such a large number of men.

The cue for men this season is to wear better quality in their hats—and we are proud of our Stetsons, every one of them.

You will want one of the Stetson Comfort Derbies too, to alternate with your soft hat.

NAB BLACKMAIL CHIEF IN EAST

Butler, Head of "Trust", Taken at Philadelphia.

\$1,000,000 SWINDLE BARED

One of Gang, Left Out in Division of Loot, Turns Informer—Woman Buyer for Big Philadelphia Department Store Fell for Mann Act Bluff—New Woman Is Arrested.

Chicago, Sept. 19.—William Butler, said to be the leader of the blackmailing gang now under investigation in Chicago, was arrested in Philadelphia according to Hinton G. Clabaugh of the local bureau of justice.

The \$1,000,000 blackmailers' band was no stronger than its weakest member. When one man, disgruntled at what he deemed an unfair division of spoils "squealed" to the police the end was in sight. When two others, frightened at the vision of penitentiary walls, "coughed up" the finish was near. It came when federal and city officers Saturday night raided the Tyson apartments at East 43d street and Grand boulevard and arrested four men and three women who are said to have been the principal operators in the extortion gang.

"Ladies' Man" Squeals.
Frank Crocker, the "ladies' man" of the crowd, got a lot of "phony" jewelry for his share of the haul from Mrs. Regina Clipper of Philadelphia. "Doc" Donahue and George Irwin laughed at him when he later demanded part of the cash. Crocker told the police, had Irwin arrested and later appeared against him. And though he later rejoined the gang, for his graces with the women were necessary to its operations, he had let the cat out of the bag and detectives were busy.

It was not many weeks until "Dick" Barrett and Edward J. Thompson, members of the band, saw the finish. They confessed, were promised immunity and are expected to appear with Crocker as witnesses against the seven whose arrest they caused. These three government witnesses, it is understood, will receive immunity.

The Story Told by Crocker.
Crocker's story, as it appeared in his testimony against Irwin, is roughly as follows:

"I met Mrs. Clipper in a New York cafe. We became pretty friendly and she invited me to her home in Philadelphia. I went there and spent several days, scarcely leaving the house. One night I walked out for a little air, and got to thinking about 'Doc' Donahue. We had worked together some. He lived only a few doors away. I went to see him, and told him what fine 'pickings' the woman was. He introduced me to Irwin, and the two gave me \$100 expenses to swing the deal.

"I took Mrs. Clipper back to a New York hotel. Then when we got things right 'Doc' and Irwin, as per arrangement, walked in on us. The old lady was scared to death. She gave up what money she had, about \$5,000, and her jewelry. I took the jewelry and the other fellows the money. When I examined the jewelry it was bogus. I made a holler but the other fellows laughed at me. I came to Chicago to see Irwin in June, but got nothing. So I went to Detective Sergeant Crot, and he went to the district attorney, with the result that Irwin was arrested."

Irwin Was Freed on Bonds.

Irwin was ordered held, but procured his release on bond. Then, according to the officers, he returned east and he and William Butler, another of his associates, went to Mrs. Clipper in the guise of federal officers and kidnaped her, so that she might not appear as witness against Irwin. She was taken to Montreal, but released when federal operatives found her.

Another Woman Arrested.
Philadelphia, Sept. 19.—Grace Butler, alias Grace Israel alias Sadie Israel, has been arrested in Philadelphia charged with complicity in kidnaping Mrs. Regina S. Clipper complaining witness against the blackmail syndicate. The Butler woman is the ninth person arrested as a result of the department of justice's exposures.

REJECTS U. S. MAIL DEMAND

But Great Britain Promises It Will Censor as Lightly as Possible.

Washington, Sept. 19.—Great Britain's reply to the American note protesting against seizure and censorship of neutral mails is on its way to Washington, and is understood to be largely a repetition of arguments in justification of the policy of the allies contained in a preliminary memorandum received here last February. The protest of the United States May 24 declared that "only a radical change in the present British and French policy, restoring to the United States its full rights as a neutral power, will satisfy this government."

At the British embassy it was stated that the allies desired to lighten the censorship as much as possible, and that it was with this end in view that the series of conferences to be held in New York this week between leading American exporters and Sir Richard Crawford, trade advisor of the embassy, had been arranged.

CRYING FOR HELP

LOTS OF IT IN DIXON BUT DAILY GROWING LESS

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; Not one more important to health.

The kidneys are the filters of the blood. When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys cry for help. Head it.

Read what Doan's Kidney Pills have done for overworked kidneys. 'Read what Doans' have done for Dixon people.

F. K. Chare, tailor, 1204 First St., Dixon, says: "I had a dull ache in the small of my back, right across my kidneys. I had heard Doan's Kidney Pills highly recommended, so I got some at Leake Bros. Co.'s Drug store. They removed the pains in my back and I have had no kidney trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Chare had. Foster-Milburn Co., Props., Buffalo, N. Y.

"LOVE LORN" SCHEME FAILS
Lord Northcliffe's Plan Was Abused by Foes of Britain.

London, Sept. 19.—The official press bureau has announced that, in future, no newspaper shall print advertisements of "lonely soldiers, or love-lorn ladies who wish to correspond with them."

The reason is the fear that numerous women, even though they are of British birth, are being employed by the German government to correspond with "lonely soldiers" and under the guise of courtship lay themselves out to "obtain information calculated to be of use to the enemy." The idea of forming guilds of leisured women to correspond with "lonely soldiers at the front," originated in the brain of Lord Northcliffe. His principal papers, the Times, the Daily Mail and the Evening News, boomed the idea and "correspondence guilds" spread with the rapidity of wildfire all over Great Britain. The idea has long been popular in France.

VOTE ON SENATOR CHANGES
William Hogan Defeats Cleary, of Galena—Henson Comes Back.
Chicago, Sept. 19.—A change in the downstate nominations for state senator has been noted.

At Freeport the canvass of the vote in the twelfth senatorial district showed William Hogan of Lanark to have been nominated on the Democratic ticket, defeating Senator Michael H. Cleary of Galena by 478 votes.

At Decatur official figures showed that James A. Henson, a former senator, defeated A. H. Mills for the Republican nomination for state senator by five votes. A contest and a recount are considered probable. Henson was the indicated winner on the early returns.
